Now is a GREAT time to Lease!

“Using Section 179 and/or Bonus Depreciation with an Equipment Lease or Loan might be the most profitable decision you make in 2011.

Because the amount you deduct will exceed your cash outlay for 2011, a properly structured Equipment Lease or Equipment Loan combined with taking Section 179 is a bottom-line enhancing tool (plus, you get the new equipment and software you’re adding to your business).

Also, the ‘\$179 bonus per \$10,000 financed’ is available thru 12/31/2011. This means that you (a) get your equipment, vehicles, and/or software now, (b) get to take advantage of the Section 179 deduction in 2011, and (c) get Section 179 bonus cash as well.” - [from www.section179.org](http://www.section179.org)
