## Premium Quality = Long Life = Low Overall Cost

These are the principles behind Mongoose Jettors™ and the benchmark on which all other jettors are judged.

**Electric Hose Reel**, built to withstand the demanding working pressures of the drain cleaning business. The electric rewind feature is enhanced with a pressure controlled foot pedal. Includes capacity for 300 feet of 3/8" hose.

**Power Plant** - Our quality starts with the high quality 27 hp gas engine and the 12 GPM @ 3000 PSI Mongoose™ M-Plex Run Dry Pump.

**Strong Frame** is built with tubular steel for superior durability. The Mongoose Model 123 can be trailer mounted or it can fit into the bed of most full size pickup trucks.

**Pre Painted Sub Assemblies** are integral in the design of the Model 123 Trailer Jet. This design not only creates superior fit and finish, it also makes the Model 123 the most corrosion resistant 150 gallon trailer available.

**NEMA 4 Controls**, the easy to use controls are located at the operators position in a NEMA 4 military grade control panel.

**Standard Accessories** Every Model 123 Trailer Jet comes standard with hose, nozzles, tool box, a complete accessory package and the industry's best warranty.
